March 14, 2019

Dear Families,

If you've been on campus since our February Break, you've likely seen some construction preparation and site work begun for our Capital Project 2019. Yes, it's been a long time since our voters authorized the project in December 2017 – unfortunately, that's how state building projects go! After much planning and preparation, we will begin the major portion of our Capital Project on Monday, March 18.

We are excited to begin the long-anticipated and much needed updates to our campus that will improve safety, enhance everyone's experience, and improve opportunities for students.

Currently, we are planning on completing the project in two phases – Phase 1 beginning next week through Nov 2019 and Phase 2 finishing project improvements during the summer 2020.

We are writing today to ensure that you are informed of **changes to our daily routines, traffic flows, and parking patterns which will begin on Tuesday, March 19, 2019 for ALL Middle School and High School students and families.** Additional information, updates, and visuals are and will continue to be updated on our school website – www.livoniacsd.org and across our social media platforms.

Capital Project 2019 – HS Traffic Pattern & Parking Lot

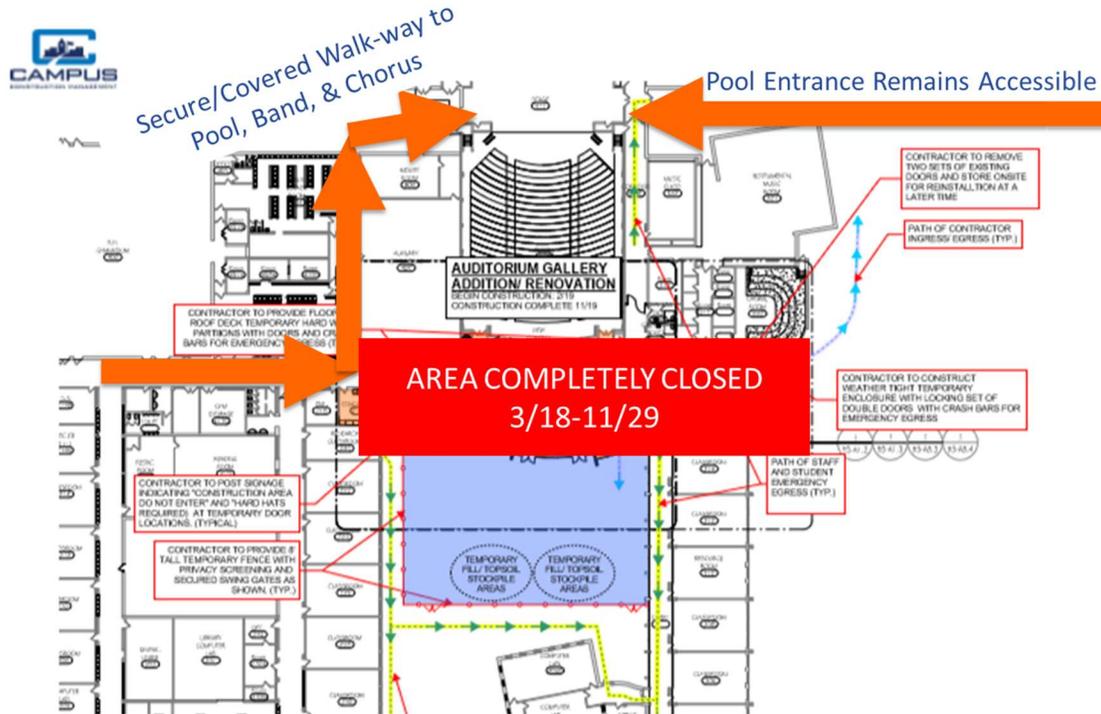

- ON March 19, 2019**
- ALL Staff** will park at MS Parking Lot with overflow if needed in south end of HS parking lot
 - ALL Visitors** will park in designated areas at north end of parking lot & front row of parking lot
 - NO** **ALL HS Students** will park in designated areas outside the "no parking" area in the center of the parking lot
 - ALL Parent Pick-up/Drop-off** will be within established loop at HS Parking Lot
 - Construction Staging Area – NO Parking**
 - ALL Bus Pick-up/Drop-off** will be done at MS Loop (NO traffic will be allowed in HS Bus Loop)

- ON March 19, 2019**
- ALL Parent Pick-up/Drop-off** will be within established loop at **HS Parking Lot** – no parent pick-up/drop-off during arrival or dismissal will be done at the MS
 - ALL Bus Pick-up/Drop-off** will be done at MS Loop (NO traffic will be allowed in HS Bus Loop)
 - ALL Staff** will park at MS Parking Lot with overflow if needed in south end of HS parking lot

These new traffic patterns and parking lot configurations will continue through the conclusion of this project – anticipated through November 2019. Starting on Tuesday, March 19, we will have additional staff from our Buildings & Grounds Department in key areas to help direct traffic and assist as needed.

As a reminder, we will be conducting improvements to the safety of our HS Auditorium Entrance/Exit. This will mean that **starting Monday, March 18 through November 2019 there will be no public access through the doors by our chorus room**. Public access to our pool will remain open through the doors behind our band room (a.k.a. – the pool entrance).

In addition, this will require **Middle School and High School students to travel through a secured and covered external walk-way to access the pool, band, & chorus starting Tuesday, March 19, 2019**. This new “external” temporary hallway is completely secured by fencing and is covered to ensure that students will be protected from the elements through the end of Phase 1 in Nov 2019. In addition to working with our students and staff to communicate these changes, our building principals will position additional support staff in this area to monitor and guide student transitions.

If you have any questions about the project, please don’t hesitate to contact me at 346-4000, ext 4100 or superintendent@livoniacsd.org. If you need additional clarifications about specific concerns you may have about your student working through these changes, please contact your building principal:

Middle School Principal Mr. D’Imperio at 346-4000 ext 2000 or cdimperio@livoniacsd.org
 High School Principal Mrs. Schmitt at 346-4000, ext 1000 or aschmitt@livoniacsd.org.

Thank you in advance for your patience, cooperation, and partnership as we move through the inconveniences that are inherent with construction projects. I am confident that the end result will be well worth it!

Best Wishes,

Matt Cole, Superintendent
